Hi Manish

Can you please arrange to send it to GOP chennai we shall check with the vendor, meanwhile I shall see if I can arrange a replacement.

Regards

Yogi

**Subject:** Re: Data card access

**Importance:** High

Hi All,

Hope you all are keeping well!

This is to inform that the data card allotted to me has not been functional. The data card has a low bandwidth frequency and does not provide Internet for the complete working hours. Please let me know the contact of the concerned team(s).

Here are the details of my dongle and SIM, needed for activation of internet for non-interrupting continuity of work:

**SSID:** Airtel-E5573-408B

**Model:** E5573Cs - 609

**Dongle IMEI:** 868502033076957

**SIM Number:** 899140091290

0071670U H 1

Requesting to process this at the earliest. Kindly let me know in case if anything else is required.

**Best Regards,**

**Manish Dixit**

**Subject:** Re: Data card access

Hi Monica,

The Data Card issued to Me and [@Akshay Kumar M D](mailto:@Akshay.Kumar.M.D) is having trouble connecting to the internet. The IP does not authenticate the user and the password given in the data card. Since Data connection is continuously required to be logged in during working hours, it is my understanding that the Data Card allocated must work properly in order to do so.

Please suggest and/or revert with alternative ways or any correction to the aforementioned concern, if required, any.

[@Akshay Kumar M D](#) Please confirm whether the SIM allocated by the service provider is functional or not for you.

Please confirm and acknowledge the same.

**Best Regards,  
Manish Dixit**
