Subject: RE: Rajasekaran's system reassigning

Hi Rajesh,

System has already been taken over !

(as per my understanding, you are talking about the system which was used by Manikandan for few days for Solid works training, It is been returned)

Thanks & Regards
Abhishek Sahu,

Subject: Rajasekaran's system reassigning

Hi Jaffer,
I discussed with Abhishek team, who is currently using Rajasekaran's system. They are OK to release the system by a week time.
Kindly support for reassigning.

Hi Abhishek,
Please ensure changes by the time.

Regards,
Rajesh

Hi Jaffer,

Syama requested back one system, right now Purushotham Chelumalla system can be released from OLA ODEC.

So please plan for the same.

Regards,
Rajesh

Hi Syama,

As discussed over call, there are system located in OLA BLR. Once our OLA ODEC members returning to BLR. I will use those by the time and try to release yours(2system) mostly.

Hope you can understand and support till then. However IT also working for identifying additional systems for projects, they will also support in-between whenever needed from your end.

Regards,
Rajesh

Rajesh,

As discussed, Rajasekar's system having manufacturing software and also using for proposal preparation . could you please re-look other options.

About Siva's System, Please ensure that it has to be handover back on or before 30th June. So please plan accordingly

With Regards
Syama Ganti

Hi Jaffer,

Sorry for late reply, my area power shut down today, now only got the power.

I checked with RM & IT team, they already allocated to CAE Team.

Please share some other system details if available.

Regards,
Rajesh

Hi Jaffer,

Understand the mistake communication given from Jayakumar that one DTNA work station availability.

As per your suggestion I checked with Chandra for system availability, but he said he don't have.

I request you to check any possibility to provide by tomorrow as we already communicated to client that he will start works by tomorrow.

Hi Sreyas,

Requesting to stream line this by facilitating any guidelines. Hope system availability will not be the point to delay the persons engagements.

Regards,
Rajesh

Hi Sreyas,

Today morning had a discussion with IT and Admin for the remote system allocation for OLA replacement resources.

Currently we don't have the list of unused system in office, so we have planned to use the existing resource swapping option.

Concluded, remote system access with all required software to be provided by coming Saturday to the required members(Jayakumar, Anbarasan Raja & Purushotham Chelumalla).

Regards,

Rajesh
